

## **Florida Health Partners Medical Director Honored as Distinguished Life Fellow of the APA**

ValueOptions® is pleased to announce that J. David Moore, MD, Medical Director for Florida Health Partners, has been named a Distinguished Life Fellow of the American Psychiatric Association. The Distinguished Life Fellow is the highest membership status possible in the APA.

Dr. Moore received this award based on his attainment of a combined 96 years, between his sixty-four years of age and thirty-two years of “service to his community based on scientific attainments, dedication to the profession, and contributions to the public good.” Those who have received this prestigious honor make up only 11% of the membership in the American Psychiatric Association.

Florida Health Partners is a public/private partnership between ValueOptions®, the nation’s largest private health and wellness company, and Florida Behavioral Health, a not-for-profit group of local mental health providers.
